Background or slides will have Skelly, the Lego skeleton/ man, somewhere.

Background of page may be done in Lego bricks. Will look for a static image that could possibly be used.

Registration will include validations, will not allow certain items/duplicates.

Login and Create User buttons will direct to homepage, unless validations don't go through. User will need to be in session to go to

Copyrights will go at page bottoms throughout to signify Lego is copyright holder of patents.

My Own Creations (MOCs):

- (Sample MOC)
- (Another Sample)
- (Yet Again, a Sample)

Owned Sets

- 3 in 1 Dinosaur!
- Pirate Ship
- Benny's Spaceship Spaceship Spaceship!!

API Link to News from Brickset (top stories?)

Newest Posts from other users - new Mocs or new sets?

Buttons at bottom of lists will direct to respective pages; lists of MOCs or Owned sets. Users can view their lists of each and Add new to each list.

My MOCs

- (Sample MOC)
 - (Links to Mecabricks(render), Rebrickable, and/or Brickset; for listings of pieces included).
 - Can upload images (?) of MOC that was actually built.
 - Likes from Friends. (Possibly-Comments?)
- (Another Sample)
 - (As above, so below)
- (Yet Again, a Sample)

MOCs can only belong to One User. Friends/other users can Like a MOC.

Adding a new MOC will add it to the database for that particular user.

Owned Sets

- 3 in 1 Dinosaur!
 - (Link to Rebrickable, through their API, to show what kind of Mocs can be made from that set [alternate builds])
- Pirate Ship
 - ^as above, so below
- Benny's Spaceship Spaceship Spaceship!!
 - ^as above, so below

Sets can be owned by many users. Some users can own multiple of the same set as well.

'Username's' Messages Portal

- Messages will appear here from other users/friends, in lieu of comments on a MOC page.
- Can also message other users from this page.
 - (Might not be the best way to get this part done?)
